In the Matter of:

WEST CARROLL WATER DISTRICT'S)	
TARIFF FILING PROPOSING TO INCREASE)	
AND ESTABLISH CERTAIN NON-RECURRING)	CASE NO. 9938
CHARGES)	

O R D E R

On August 15, 1986, West Carroll Water District ("West Carroll") filed tariffs proposing to establish a 1-inch meter installation charge of \$300, a service charge on returned checks of \$5 and a charge for reading a customer's meter of \$10. The filing also proposed the increase of the reconnection and reinstallation of meter charges from \$10 to \$25 and the charge to collect a delinquent bill from \$10 to \$15.

In letter dated September 4, 1986, it was requested that West Carroll file cost justification for those charges being established as well as the information required by 807 KAR 5:011, Section 10, for those charges being increased. In response, on September 17, 1986, cost justification for all of the charges in question was received from West Carroll. On November 5 1986, partial information pursuant to 807 KAR 5:011, Section 10, was received from West Carroll.

On December 4, 1986, a check sheet outlining the information required by Section 10 which was still outstanding was sent to West Carroll. On January 27, 1987, a letter was sent to West

Carroll requesting that the necessary information be filed or the tariff proposal be withdrawn.

On May 6, 1987, West Carroll filed the remaining information necessary for consideration of the proposed charges.

After review of the information provided, the Commission is of the opinion and finds that these are fair, just, and reasonable charges in that they will enable West Carroll to recover the costs incurred by providing these services.

IT IS THEREFORE ORDERED that:

1. The rates in Appendix A are approved for services rendered on and after the date of this Order.

2. Within 30 days from the date of this Order, West Carroll shall file tariff sheets setting out the charges approved herein.

Done at Frankfort, Kentucky, this 2nd day of June, 1987.
